WINONA SWAMPED BY LOCAL NORMAL ON FRIDAY, 51-12

Coach Keeler Uses Three Complete Squads in Opening Contest Here

The La Crosse normal school opened its basketball season Friday night with a 51 to 12 win over the Winona normal. Coach Keeler of the local team gave his entire squad a chance in the game, using in all 17 men. The visitors put up a good fight, but were unable to cope with the superior speed and ability of the local normalites. The score at the end of the first half was 31 to 4. The La Crosse first string remained in during the entire first half, but at the beginning of the second half a whole new team took the floor for a few minutes, when a third team was substituted for the second. The first team went in again for the last three or four minutes.

Vondrashek led in the scoring for the locals with 8 field goals, while Dusevsky was a close second with 6 to his credit. Keeler's combination showed up well in its initial game, and bids fair to become one of the strongest teams ever developed at the local school. Vondrashek and Dusevsky show speed at forward and are accurate in their shooting. Jennings at center gets the jump on most of his opponents. In the Winona game he dropped back to standing guard after the tip-off, Captain Roy going to the center position. Many of the La Crosse goals were the result of Dusevsky's guarding and speed in getting the ball down the floor to within scoring distance.

The second team which took the floor in the second half did not fall much behind the first string in floor work, but the scoring dropped off. Gunderson and Shields, forwards, each caught a goal from the floor. Ross, playing forward with the third aggregation scored two goals and free throws. Zyboll, Huseh and Gage each netted one.

Though the Winonans were unable to put up very stiff opposition to the attacks of the locals and succeeded only once in penetrating the La Crosse defense, the work of Keeler's men showed that there is basketball material of unusual merit at the normal school this year, and La Crosse will be a strong contender for the championship title again this season.

Lineup, Winona: O'Hara (Capt.) Snyder, Rissor and McCafferty, forwards; Lynch, center; Vondrashek, Dusevsky and Sowan, guards.
La Crosse, First Team: Vondrashek and Dusevsky, forwards; Roy (Capt.) center; Jennings and Shields, guards. Second team: Gunderson and Shields, forwards; Schultz, center; Stoneman and Connors, guards. Third Team: Ross and Moore, forwards; Zyboll, center; Bennett, Royal, Huseh, and Gage, guards. Referee: Davey.
Goals: Vondrashek 8, Dusevsky 6, Jennings 2, Ross 2, Roy 1, Gunderson 1, Shields 1, Zyboll 1, Huseh 1, Dusevsky 3, O'Hara 1.
Goals from foul: Ross 2, Jennings 1, Lynch 1, Dusevsky 1.

HIGH SCHOOL MEETS ONALASKA AGGIES AT HIXON GYM TONIGHT

Keogan's Men Overcoming Weaknesses Brought to Light in Prelims to Date

The La Crosse lads and the Onalaska Aggies will meet in a basketball game this evening at the Hixon gym—the last game before the Christmas vacation. The contest will be Onalaska's initial appearance in the city this season, and they are expected to put up a good fight.

Captain Hargett and Gantisch of last year's team are again in the lineup for La Crosse, along with Holley, Lewis, Bach, Kilian, Schall, Tobias and Harrier. All are developing speed and ability in playing their positions. Most were last season's line improved since the last games. Coach Keogan has been holding practice every night and has paid special attention to developing the offense, in which department the Red and Black have showed a weakness in the all-star and Galesville games.

"HIPPO" VAUGHN IS RETAINED WITH BELOIT FAIRIES

BELOIT, Wis.—Jim (Hippo) Vaughn, member of the Fairbanks Morse and Co. industrial team of this city and former Cub hurling ace, will remain with the industrial team next year. It was announced here Friday morning by Manager A. J. Chubb.

With this announcement rumors to the effect that he would ask reinstatement from Judge Landis are put at rest and the Cubs will be compelled to look elsewhere for a southpaw before starting their 1922 battle for the National league honors.

Vaughn signed with the Beloit club about the middle of last season following differences with Johnny Evers, who was then managing the Chicago team.

CITY BOWLING LEAGUE

The Maders and the Hotel La Crosse won three straight from the South Paws and the Collegians in the City Bowling League Friday evening. The La Crosse Club 60's and the Arenz Shoes won two out of three from the Krauses and Shiven Clothiers. The score:

BUFF ANXIOUS TO SEE MORE OF PAL MOORE'S FIGHTING

Wants to Give Chicago Man Chance at Title in Longer Battle

CHICAGO, Ill.—Johnny Buff, holder of the bantamweight title, who lost the popular decision to Pal Moore of Chicago in their ten round bout at Milwaukee last Thursday night, is anxious to give the local boxer a chance at the title in a longer contest to a referee decision.

The little champion stopped off in Chicago yesterday on his way home to Jersey City. He gave Pal all credit for his wonderful fight, but firmly believes he can beat him in a longer contest. Manager Lew Diamond is of the same opinion, and the match can be made by any promoter who offers suitable inducements.

"Show us the money and I will match Johnny with Moore or any other fighter of his weight," Diamond said. "Nothing would please us more than to get Moore in a long fight with the championship at stake. We give him credit for wonderful work, but I do not think he would stand up under Johnny's punishment in a long fight."

The champion and his manager will leave at noon for the cage. It developed after the fight, Johnny hurt his left hand in the second round. The knuckle on the forefinger was still sore yesterday and Manager Diamond will permit the hand to get well before other pending matches are closed. Moore also returned to Chicago and carries an injured left hand, which was hurt in the seventh round. The injury is not serious, and will not prevent him from going through with his two matches now pending.

ROCKNE TO REMAIN AS GRID MENTOR AT NOTRE DAME SCHOOL

NEW YORK—Route Rockne for the last 3 years coach of Notre Dame university football team, will continue in that capacity. This announcement was made here Friday night at a dinner given by the Notre Dame club to the Rev. James Burns, president of the University. It had been reported that he was considering an offer from Northwestern university.

Majestic—Ralph Connor's "The Sky Pilot"; Fox News.
Riviera—Bench-Jones Stock company in "The Marriage of Elizabeth"; vocalists between acts; Riviera orchestra.
Strand—Bully B. Purl show of 1922, vocalists; read show; William Russell in "Children of Night"; Jimmy Aubrey in "The Mysterious Stranger"; music episode, "Hurricane Hutch".
Casino—Douglas Fairbanks in "The Three Musketeers"; Carter DeHaven comedy, "Spirits".

"SENTIMENTAL TOMMY"—RIVOLI
Mabel Taliaferro, star of the stage and screen for many years, returns to the screen after an absence of a year in Paramount's "Sentimental Tommy," which will be shown at the Rivoli Theater for the last time today. Miss Taliaferro has the role of "The Painted Lady," the youthful mother of Grizel, heroine of the picture, who has a penchant for the frivolities and constantly looks for a letter from her lover which never comes.

It is the sort of a role for which Miss Taliaferro with her effa wifal way is especially fit, and her interpretation of it makes it stand out as one of the classics of screen characterizations.

Miss Taliaferro's record is so well known that it may be passed over briefly. On the stage since she was two years old, she created such roles as Lower Mary in "Mrs. Wiggs of the Cabbage Patch"; Polly in "Polly of the Circus"; Nance Olden in "The Bishop's Carriage"; and Madeline in "Springtime." Her first appearance on the screen was in "Cinderella" in 1912 and she subsequently became a Metro star for three years, during which time she achieved wide popularity.

Garth Hughes is seen as Tommy and May McAvoy as Grizel and others in the cast include George Fawcett, Lella Frost, Virginia Hall, Harl L. Coleman, Dale Davenport, and Alfred Kappeler.

"THE SKY PILOT"—MAJESTIC
A human-interest story backed up by dramatic incidents which climax in a mad cattle stampede is "The Sky Pilot," which closes today at the Majestic.

The story is taken from Ralph Connor's book of the same title. King Vidor, as director of this Catharine Curtis production, has faithfully carried out the sentiment of this popular novel and has taken care that the film version of the story maintains the comedy human vein as well as the dramatic incidents that mark the film as one of the most interesting and exciting of the year.

There is no doubt but that the scenes of the cattle stampede in which 4000 panic-stricken cattle are seen dashing madly on toward the form of the helpless little ranch girl will forever remain in the minds of movie fans.

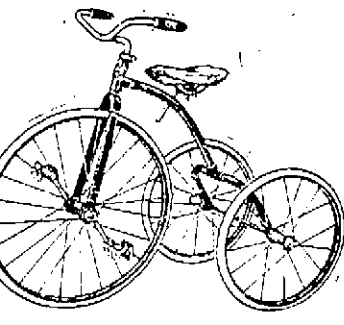

WILLIAM RUSSELL—STRAND
William Russell in "Children of Night," his latest and most thrilling picture in several years, will be presented at the Strand Theatre for the last times tonight. Jimmy Aubrey in his comedy, "The Mysterious Stranger," also is on the bill. The Bully B. Purl Show of 1922, presenting vocalists, will be on the bill tonight, and again on Sunday when the company will return to the Riviera. On Sunday Buck Jones in "Straight From the Shoulder" will be the screen feature.

WISCONSIN BIRTH RATE TAKES JUMP DURING YEAR 1920

Reports Nearly Four Thousand More Births than in Previous Year

MADISON, Wis.—Wisconsin in 1920 reported to the census bureau 3,900 more births, an increase of 3,900 over 1919, the year's total representing a birth rate of 22.2 per thousand population, as compared with a rate of 19.3 for 1919 and 23.5 for 1918, according to the state board of health.

The 1920 birth rate for the registration area, which comprises 23 counties, was 23.7, which was considerably higher than the rate of 22.2 for the previous year. The highest rate, 31.7 for the white population, was found in North Carolina and the lowest, 18.3, for California.

Of Wisconsin's 38,087 births last year, 55,315 were white and 382 were colored. The latter included 87 negroes, 288 Indians, 5 Chinese, 1 Japanese, and one other colored.

Most mothers were native born, the report shows. The total was 1,003. Other countries represented were: Canada, 216; Denmark, 10; Norway and Sweden, 1,184; England, Scotland and Wales, 198; Ireland, 76; Italy, 761; other foreign countries, 1,234. The report reveals that the birth rate among American women was 15.4 per thousand, while the rate for Italian mothers was nearly four times as large.

In the birth rate registration area the 1,908 births of Indians exceeded the number of Indians by 90, indicating that the Indian population did not decrease in the area last year.

DAMAGES AWARDED MAN IN BREACH OF PROMISE ACTION

Hanus of Hatfield Gets Verdict of \$200 Against Mrs. Edith Melby

Damages of \$200 were awarded Joseph Hanus, merchant and hotel proprietor of Hatfield, Wis., in his breach of promise case against Mrs. Edith Van Tassel Melby, former postmistress at Whitehall, by a jury in district court late Friday.

Hanus sued Mrs. Melby, now the wife of William H. Melby, a bank cashier at North Bend, for \$500. Counsel for Mrs. Melby announced an appeal would be taken to the supreme court on the ground that the evidence failed to justify a verdict. The jury was out two hours.

Counsel for Hanus contended that the plaintiff had sustained a material loss by reason of having built a cottage at Hatfield for himself and intended bride, only to have the defendant, then Miss Van Tassel, break the engagement and marry Melby. No claim for damages was made on the ground of wounded feelings.

The defense admitted that Mrs. Melby had been engaged to Hanus previous to her marriage, but offered in defense a woman's proverbial right to change her mind. Fifty-four letters, written by the defendant to the plaintiff during their engagement, were offered in evidence.

The case is said to be the first in a Wisconsin court in which a woman had been made defendant in a breach of promise suit.

B. S. Cowie of La Crosse was the attorney for Mrs. Melby.

OFFICERS ELECTED BY WEST SALEM POST OF AMERICAN LEGION

Conrad Bechtold Chosen Commander; \$10 Donated to La Crosse Phonograph Fund

WEST SALEM, Wis.—Members of the American Legion met at the restaurant Wednesday evening for election of officers and other business. MINE UNION WILL CONTINUE TO AID KANSAS STRIKERS

International Has no Idea of
Withdrawing Support De-
clares Lewis

SPRINGFIELD, Ill.—Financial support of the Colorado mine strikers to "the extent of the International's ability will be continued," President John L. Lewis of the United Mine Workers of America, declared Saturday. "There has been no change in policy by the international," he said. "We will not have withdrawn financial support," he emphasized. "We are assisting Colorado miners in their fight against wage reduction and have no intention of discontinuing it. Request for a general system of relief in Colorado has been asked by District No. 15, but no action has been taken by the international board of that request."

This statement was made in refutation of Colorado advisers that financial support had been withdrawn.

State Guard on Job

PITTSBURGH, Pa.—National guardsmen continued to patrol the Kansas coal fields Saturday, while federal agents were making an effort to stamp out alleged traffic in liquor here. Ten persons, among them several women, arrested late last night in raids at Frontenac, were in jail Saturday charged with making and selling liquor.

Four women, arrested Friday on charges of unlawful assemblage in connection with demonstrations of women strike sympathizers earlier in the week, also were in jail.

CONSCRIPTION IN CASE OF WAR IS FAVORED BY WEEKS

WASHINGTON.—Secretary of War Weeks is in favor of the mobilization of men, money and manufactures under a conscription law in the event of future war.

Such a course, he declared Friday night at the annual meeting of the war industries board, would preclude profiteering and slacker lists. "I would conscript every person from 18 to 60 years of age should a future war prevail," he said.

PROTEST DISMISSAL
OF CHICAGO PROFESSOR

CHICAGO, Ill.—Friends of Prof. Gerald Louis Wendt, who was yesterday dismissed from the University of Chicago faculty, among them prominent economists, today came to his defense and in a signed statement denounced him from any blame for his action and declared his action was not conscious but the after-effects of a severe attack of tonsillitis and influenza.

Prof. Wendt, who is a Harvard graduate and is characterized as one of the most brilliant instructors at the university, was dismissed by the faculty when an investigation revealed him as the man who had been seen peeping into a bathroom window in a co-ed dormitory.

INVESTIGATE CHARGES
OF PROFESSIONALISM

CHICAGO, Ill.—Charges of professionalism against Jule Kay, runner of the Illinois Athletic club, Loren Murchison, also of the tri-color club, and Joe and Frank Leonard of the Chicago Athletic association are being investigated by the registration committee of the Central A. A. C. Saturday. Other athletes who have made trips into the east will also be investigated and in addition the committee will set dates and award indoor and outdoor championships. Kay has announced his retirement from the club paths.

India Land of Mystery

India is said to be "the burning heart of Asia." That is to say, it has a genius for religion that is unsurpassed. Of the four great faiths which had their genesis in Asia, three were born in India. It is a land of 147 languages. Some of them are spoken by 10,000,000 or more. Of every 100 people in the world, eighteen live in India. The latest census of India gives the population as 378,132,537.

Glacier Movements Differ

The most rapidly moving glacier of the Alps, the Mer de Glace, travels at the rate of 55 1/2 inches a day. The slowest Alpine glaciers travel less than an inch a day. Much faster movements are found in the polar regions. The Upernivik glacier, in Greenland, travels 99 feet a day near the end where it reaches the sea.

RACINE MAN HITS AT HIGHER TARIFF IN SILK PRODUCTS

NEW YORK.—Silk manufacturers in the United States received a tariff provision of \$200,000,000 in 1919 which, translated into prices in the retail stores, amounted to a tax of \$100,000,000 on the consuming public. H. E. Miles of Racine, Wis., chairman of the fair tariff league, declared Saturday before the senate finance committee.

Protesting against the increased duties which the silk manufacturers have asked for, Mr. Miles said the present tariff duties constituted a virtual embargo on silks that come in competition with the kinds made in the United States. He said his association believed in balancing through a tariff the wages paid in foreign countries and in this country but argued that existing rates did more than this so far as the silk industry was concerned.

POLICE ARREST MAN WANTED FOR ALLEGED SWINDLE OF FURS

Fred Thomas, Wanted at International Falls, Minnesota,
Being Held Here

Fred Thomas, alias Fred Hartman, wanted at International Falls, Minnesota, for being implicated in an alleged swindle fur deal, was arrested by the local police at a hotel here Friday night.

In a communication from the American Hide and Fur company to the police department here, Thomas was said to be traveling under guise of being a representative of that firm. The letter stated that he was shipping a box containing several hundred dollars worth of furs addressed to himself at La Crosse. When arrested a receipt for the goods was found on his person. Where he obtained the furs was not known.

That he is a suspicious character was supported by the fact that over one hundred keys of all sizes and descriptions were included among his personal possessions. He gave the name of Fred Thomas to the local police. He had registered at one of the local hotels.

SAVINGS DEPOSITS IN MIDDLE WEST SHOW LIGHT GAIN

Increase Reported in November;
Deposits but Four Percent
Behind a Year Ago

CHICAGO, Ill.—Savings deposits in the midwest have increased. Reports from five states, Illinois, Iowa, Wisconsin, Michigan and Indiana showed an increase of one percent during November and despite the slump that set in early in the year the deposits are now only four percent below those of twelve months ago.

In Illinois itself the figures were surprising. Reports from banks which represent about thirty percent of the total savings deposits in the state show that on December 1 such deposits were about one percent higher than on November 1 and they were one-tenth of one percent higher than on December 1, 1920.

Experts ascribed the increased savings in the face of diminished employment and earnings, to several causes. One was the tucking away of interest and dividend payments by the small investor. Another was a small but steady improvement of industry at its roots, among the permanent workers who bank part of their cash and constitute a large part of the saving deposits.

Still another reason was great frugality—wage earners are combatting decreased buying power through virtue of unemployment by going without things. The general public is apparently eating less. High cost of living is being met by tightening up the old belt. Figures on wholesale trade indicate this, as the wholesale grocers of the seventh federal reserve district report that sales in October were 27 percent less than a year ago.

holiday or to any limitation or reduction of naval strength had insisted upon some sort of an agreement, which would give her moral if not military assurance against any American attack not only upon her island colonies but also in her home islands.

What really counts at present in this discussion over the actual ground covered by the treaty is the effect in the United States senate. When the treaty's application is extended to include the Japanese homeland it is plain that there might be a Russian or a Chinese complication that the United States, Great Britain and France might sometime be asked to confer with Japan as to what steps should be taken in view of a Russo-Japanese quarrel or a China-Japanese dispute.

Senators like Borah and La Follette who were conspicuous in their hostility to the league of nations have already indicated their purpose to fight the new proposal and both the fact and the circumstances of the present four-power proposal are recognized as supplying a certain measure of ammunition.

BUFF OFFERS TO MEET

MOORE IN LONGER BOUT

CHICAGO, Ill.—Johnny Buff, holder of the heavyweight title, who lost the popular decision to Ed Moore of Memphis in their ten round bout at Milwaukee Thursday night, is anxious to give the southern boy a chance at the title in a longer contest to a decision. Buff declared he was certain he could defeat Moore in a longer contest.

PICKPOCKET WORKS IN AUCTION CROWD FOILED BY WOMAN

Drops Purse on Floor When
Girl Grabs His Arm and Ac-
cuses Him of Theft

"You've got my pocketbook," screamed a young woman in the crowd at the Irving jewelry store auction sale Friday night as she grasped the arm of a man who stood beside her.

"I have not," said the man, wincing loose and edging his way through the crowd toward the door. "Here's your pocketbook," said a girl standing beside the young woman, who claimed to have been robbed, picking up a purse off the floor at the point where the man had stood. The pocketbook had been taken from a coat pocket.

While the girl was examining the contents of the purse to see if her money was still in it, the suspected pickpocket reached the door. Two men who had followed him with the intention of detaining him until the police arrived had difficulty getting through the crowd and when they finally reached the sidewalk, the suspect was almost to Fourth street, running swiftly. He disappeared around the corner, headed northward.

Another man who accompanied the suspect into the store also disappeared during the excitement.

No trace of the two men was found later, and it is believed they left the city.

SMALL PROSPECT OF AGREEMENT ON HER DEMAND SOON

ness of her present actual strength. The same will apply to Italy, because she insists that her rating must be on a parity with France.

The actual capital ship rating of the two countries, based on existing strength, is about 1.5, as compared to the 2.5 of the United States. Great Britain, and Japan. France's request would call for an actual rating of 3 plus, but, in fighting power, the French strength, with the ton ship program completed, would be vastly greater, because she would have two post-justard ships and be in a position superior either to Great Britain or the United States.

The general conclusion seemed to be that France had purposely aimed high in order to be sure of getting a rating that would not look humiliating and also to give her a leverage in her fight against Britain over the submarine question.

RADICAL WHO KNEW OF PLOT HELD IN POLAND

made to obtain his second papers for him before he went abroad. He is a Pole by birth. Mr. Burns continued, and his relatives are now in Warsaw. He himself was forced to leave Russia because of his radical connections.

Tells of Plot

WARSAW.—By The Associated Press.—Plots and counter-plots, reading like a chapter from fiction, were involved in the search for clues in many parts of Europe by American secret service agents which resulted in the arrest here Friday of Wolfe Lindenfeld, alias William Limbo, in connection with the Wall street bomb explosion in New York in September, 1920. Lindenfeld has fully confessed, the authorities say, naming the ring-leaders in the plot, which he declared was aimed at J. P. Morgan, the infernal machine exploding prematurely.

Names Ring-Leaders

According to Stenvers Cosgrove and Paul Altendorf, who trailed Lindenfeld, the suspect has named five principals in the plot now in Europe who received \$20,000 from the Moscow third international through New York communists. Lindenfeld has declared his willingness to return to New York and turn state's evidence. The Polish authorities say he was exposed in 1906 as a Russian secret agent and fled to America at that time, returning to Europe last spring.

Altendorf came to Europe in February last while Lindenfeld came over in March. During the summer Altendorf, living in various communist centers, obtained a che which led him to seek Lindenfeld's acquaintance. As a result Cosgrove arrived in Warsaw two months ago, posing as having connections with communist groups in America, and was introduced to Lindenfeld by Altendorf. After establishing his acquaintance Cosgrove suggested to Lindenfeld a scheme whereby, by giving information in regard to the Wall Street explosion, he could receive a large share of the rewards offered for the arrest of the plotters without risk to himself.

Tried to Double-Cross

Throughout these operations by the American secret service men, Polish operatives shadowed Lindenfeld and the roles claim that, while Lindenfeld was pretending to play into Cosgrove's hands he was at the same time double-crossing the Americans. Clues developed while trailing Lindenfeld led the police to arrest a number of communists who are alleged to be spies working against the interests of Poland. Several women are involved in this alleged espionage plot.

KIRBY CASE TO JURY

ADRIAN, Mich.—The result of the trial of Mrs. Mattie Kirby, Hudson, Mich., reform leader who was first charged with murder, then manslaughter, will not be publicly known until Monday at the earliest. The jury which was given the case late Friday night and considered the evidence an hour and a half, resumed deliberations Saturday under instructions from Judge Hart that should a verdict be reached it should be sealed and reported to the court on Monday.

LEDoux ASKS ARREST OF MEN WHO SIGNED FOUR-POWER TREATY

WASHINGTON.—Philip Ledoux, erstwhile unemployment auctioneer and arms conference pickpocket, appeared Saturday at a Washington police station and asked for a warrant for the arrest of the "four signers" of the new Pacific treaty, alleging they were guilty of trafficking in stolen goods.

The stolen goods, he described as "various pieces of land, cities, ports, and villages," in Siberia, Manchuria, Korea, China, India, Mesopotamia, and the Philippine Islands, "taken forcibly without any right, human or divine, and in contravention of all laws," by Japan, Great Britain, France, and the United States. The action, Ledoux explained, was taken under the old common law.

BOY SCOUTS WILL FIX BROKEN TOYS FOR POOR CHILDREN

Citizens Asked to Look up Old
Toys in Homes and Tele-
phone Number 434

At a regular meeting of the Boy Scouts from Corps 2600 Friday evening, the members present in discussing plans for service to the community expressed a desire to follow up the efforts made by other scouts in other councils throughout the United States in helping poor children receive Christmas toys.

In every home where there are children there will be found in attics or in basements, discarded and broken toys which can be repaired by a coat of paint or the use of hammer, nails, glue and saw. If any one having such toys will call 434 and give name and address, a Boy Scout will call for them. The toys will be collected and repaired and turned over to the Social Service for distribution. All offers for toys should be sent in by Thursday evening.

It has been the privilege of Boy Scouts throughout the United States, since scouting has been organized, to be of some help to the less fortunate at Christmas time and the local scouts hope to be instrumental through this appeal to place forgotten toys in one home into homes that most likely will not receive any on Christmas day.

DECISION ON SMALL INDICTMENT TO COME BEFORE CHRISTMAS

State Finished Arguments Fri-
day and Defense is Heard
in Rebuttal

WATKESMAN, Ill.—C. C. La Forge, chief of counsel for Gov. Len Small and Vernon Curtis, Grant Park banker, renewed his attacks Saturday on the indictments returned by the Sangamon county grand jury against Governor Small and Curtis. He was followed by his two associates, Alexander Rembrandt and W. W. Schroeder, who also spoke briefly.

The state finished its reply to the attacks on the indictments Friday afternoon. The defense advised James Edwards that they would occupy but a few hours Saturday. Judge Edwards then told the newspapermen that his decision might be expected next week.

born in trips to and from a farm he owns in Jefferson county. He has owned the farm for years, having inherited it from his father and yearly has spent a portion of each summer on it.

Investigators in Jefferson county have developed the fact that the saboteur drove to his farm late Monday night and left early Tuesday morning. It is believed possible that he had driven to Elkhorn and planted a car at a spot known to O'Connor to be picked up there by the fugitive. The latter had abandoned the car in which he crossed the state line.

Seen at Genoa, Ill.?

ROCKFORD, Ill.—Members of an Illinois Central freight train crew here Saturday said a man resembling Tommy O'Connor boarded their train at Genoa Friday and left it at Burlington when a tramp told him there was a special agent on board. The man was armed and kept a sharp lookout, the tramp told the crew.

CHICAGO NEWSPAPER SEEKS

O'CONNOR'S TRAIL HERE

Efforts to connect any robberies, hold-ups or raids on drug supplies in La Crosse with Tommy O'Connor, Chicago, a few days before the day set for his execution last Thursday, were made Saturday by the city editor of a Chicago newspaper. Sheriff Miller received the following message Saturday morning: "Rush wire if there have been any hold-ups or robberies in your county or adjoining counties in the last three or four days by anyone answering description of Tommy O'Connor, or if any drug robberies have been reported in same period." The sheriff's reply was: "No robberies nor hold-ups in this vicinity in last three weeks."

UKRAINIAN INVENTOR DISCOVERS MEANS TO SIMPLIFY WIRELESS

Discovery Will Prevent Mes-
sages Being Picked up by
Other Stations

MOSCOW.—By The Associated Press.—Discovery of a method whereby wireless messages may be sent to definite receiving station without the danger of being picked up by other stations is claimed in an announcement by the official press bureau.

A Ukrainian engineer named Chayko is responsible for the discovery. It is stated that by means of a simple apparatus, he strengthens, out and groups what are termed the "unlocked power lines" of the magnetic field into parallel rays. These rays, he says, can penetrate mountains, thereby avoiding the necessity of high antennae.

It is said the discovery will enable location from the surface of metal deposits in the earth and will be of service to medical and other sciences.

NEGROES IN SOUTH REPORTED NEARLY DOUBLE IN NUMBER

WASHINGTON.—The total number of negroes reported as born in southern states and living in the north and west had increased from 440,534 in 1910 to 780,794 in 1920, the census bureau announced Saturday.

WOUNDED BANDIT DIES

DAVENPORT, Ia.—Harry M. Hamilton, one of two bandits shot down when they held up and robbed the Stockmen's Savings bank at Long Grove Thursday, died Saturday. His companion, Roy Purple, was instantly killed when citizens opened fire as they dashed for their waiting automobiles.

GIRL HOBOS SIGH FOR SKIRTS AFTER WEARING OVERALLS

Four Young Women Who Beat
their Way Through La Crosse
are Held at Eau Claire

Hobbing has no more charms for Olga Blomquist, 20; Edith Blomquist, 25; Hilda Anderson, 20, and Warner Newman, 22, all of Ironwood, Mich., arrested at Eau Claire while trying to "beat" their way from St. Paul back to Ironwood. The quartet have wired to Ironwood for funds to continue their homeward trip.

The three girls were clad in overalls because skirts proved too unhandy riding the rails or stealing a ride in a "blind," one said. But now they are tired of overalls, they say, and are "just dying" to get back into skirts and be real girls again.

The four went to St. Paul recently with the intention of getting jobs in the parking plants there, but found nothing more promising than soup kitchens.

The girls shipped their clothes home, donned overalls and tried the "hobo suit." Wrong trains brought them into Eau Claire, then to La Crosse, where they were invited by a deputy sheriff to move on; then to Camp Douglas and then back to Eau Claire. Here the police decided to hold them.

WAR'S OVER—S. S. County of Devon was wrecked in the North Atlantic Feb. 20, 1914. The British government has just decorated Ernst Harzmayer, a German tar, for rescuing the crew.

A DASH OF COLOR—New York is making its flatter ing little neck pieces and toques as vivid as possible that they may accent Milady's dark tulle as she strolls along the avenue. Rose velvet, shadowed with monkey fur is the medium for this effective French design. The neck piece is exceedingly smart, worn choker fashion with the flower-like fastening at the back. It may be worn at the side, however, and quite becomingly.

HAS-BEEN 'HEROES'—"King" worship, what? "Has-beens" they are—ex-Empress Carl, last of the Hapsburgs, and his wife, Zita, going into exile on the Island of Madeira—and the natives crowd about them doing their best and bending the knee as though they hailed some conquering hero. This is the first—and exclusive—picture of the exiles' arrival.

HOW CREW ESCAPED FROM S-48—The crew of forty-one of the United States submarine S-48 were trapped when it sank off Bridgeport, Conn. The men and officers crawled through the torpedoes, indicated by arrow, when gas fumes filled the craft. The rescue boat is Standard Oil Tug 28.

THE LAIR OF THE TIGER—Georges Clemenceau, the "Old Tiger" of France, conducts a visitor over his estate. That rumbustious Y. W. C. THREE HANDS!—New York police have discovered a new trick of Christmas shoplifters. A gloved artificial hand rests upon the counter while the real hand, unnoticed, slips valuables into an inside pocket.

THE SECOND—Mrs. W. W. W. is the second woman to become a member of the British Parliament. She recently took her seat in the House of Commons. Lady Astor is the other feminine M. P.

YES, SHE SMOOKS—You'd hardly think that this worker with fork over her shoulder and cigaret in her hand is a president's wife. She's the wife of Kalinin, president of Russia.

A STUDY IN HEALTH—The healthy youngsters above, all bundled up, were photographed at Quebec where hundreds are engaging in winter sports. The youngster below is one of several who go coasting and romping in the snow in their "altogether", unmindful of winter's sting. They are "taking the cure" at Pellysburg, N. Y.

A DEATH-FILLED GAP—Two trains met head-on in this gap on the Philadelphia and Reading line at Woodmont, Pa. One locomotive looped the loop. Cars were telescoped. Gas tanks exploded. More than twenty commuting residents of nearby towns were killed and thirty injured.
